Company

People

Aqua Leisure International has one of the most extensive lines of water slides in the industry including many patented products and attractions.

Depending upon your requirements, Aqua Leisure will work closely with your team to either supply the design and slide only or project manage a turnkey installation, utilising wherever possible local labour and material suppliers. We use architectural design, state of the art Computer Aided Design techniques and Hydraulic modelling to engineer a safe and thrilling experience for your guests

All of Aqua Leisure's slides are available in a wide spectrum of brilliant colours, custom configurations and themes. With many years of combined experience in the aquatic industry, our team has been involved with the design and installation of some of the most successful parks in the world.

We aim to become an integral part of your team and working together, we will provide the perfect addition to your facility.
